The Cambridge Muslim Academy
A Joyful Journey in Islam

Thank you for choosing the Cambridge Muslim Academy to study with us about Qur'an and Arabic Language. We look forward to welcoming all the students in September and enjoying learning a lot over the coming school year in Sha'a Allah.

To make the running of the academy efficient and effective for everyone, we have prepared a contract for parents to read, sign and submit it on the academy's website before they enrol their children to the Academy. It is important for us that all children who will be enrolled to our academy are given the best opportunity to learn. In order to achieve this, we plan in advance the number of teachers and the lessons we deliver and the classes required in case we open the school face to face. For this reason, it is essential for us to receive the fees in advance. Equally, so that the time at the school can be used in the best possible way for the children to learn, it is important that children are encouraged to behave well either in the physical school or the virtual school. Finally, in order for the children to truly progress in their learning, parents must follow up with the children with homework and Quran practice during the week as repetition is important in learning, even if it is just a few minutes a day.

Frequent assessments and tests will be carried out each term so the teachers can have the correct evaluation about each student no matter their age or their level.

- 13- It is important that students attend their classes as much as possible so that they do not miss important information and so fail to make progress in their learning.
